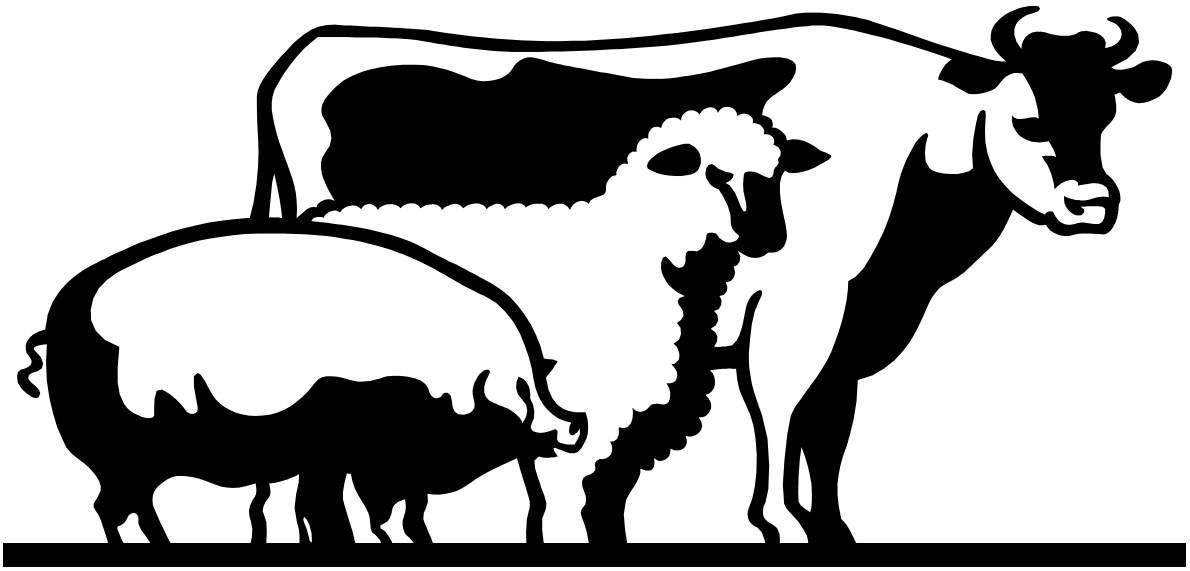
MEAT ESTABLISHMENT DIRECTORY



2013

Last Update: April 2013

How to Use the Meat Establishment Directory

The **2013** Wisconsin Meat Establishment Directory is designed to enable the user to locate and identify the business office and establishment location of every state licensed meat establishment in Wisconsin.

In the first section, each establishment is listed by county and is identified by meat establishment number, trade name, establishment address, telephone number, and mailing address of the home office and operation codes.

The second section is a numerical listing and the third section is an alphabetical listing of the meat establishments. This is useful when tracing the origin of a meat establishment and/or product. The fourth section is a map of contacts by county.

The final section is a list of meat establishments that perform inspected and uninspected poultry slaughtering.

There are **276** official meat establishments and **56** custom exempt meat establishments operating in the State of Wisconsin.

To order additional copies of this directory,
