## Application to Sell Liming Materials by Volume

EXPIRES ANNUALLY ON DECEMBER 31

This application is only required of businesses that sell liming materials by volume instead of by weight.

A license to sell or distribute liming materials is also required

Section 94.66, Wis. Stats; Section ATCP 41.05, Wis. Adm. Code.

**Print or type all required information**

LEGAL BUSINESS NAME			CONTACT NAME		
DOING BUSINESS AS NAME			TELEPHONE NUMBER ( )		
ADDRESS			E-MAIL ADDRESS

### I. List all vehicles employed in hauling liming materials

Engine No. Truck License No.	Ownership (Business Name)	Cubic Yard Capacity

### II. List loading sites

Address of loading sites (street city, state, zip)	Address of scales closest to loading site (street city, state, zip)

### III. Address of business from which vendor wishes to sell by volume (ton weight equivalent)

Street	City	State	Zip

Personal information you provide may be used for purposes other than that for which it was originally collected (Sec. 15.04(1)(m) Wis. Stats.).

**94.66(6)(a)** Every person engaged in the business of selling or distributing liming material shall furnish each purchaser on final delivery of a lot or order of liming material a written statement showing total amount delivered in tons and the grade thereof as defined in par. (b). A written statement setting forth the grade of the liming material being transported shall accompany each vehicle when making delivery. All liming material shall be distributed on a scale weight basis, except that where no weighing facilities are readily available and on prior approval of the department, liming materials may be distributed by volume if each vehicle transporting liming materials is accurately and conspicuously marked to show cubic yard capacity from which the seller must guarantee a ton weight equivalent based on rules established by the department. This paragraph does not apply to marl or paper mill refuse lime as these materials are distributed on an equivalent cubic yard basis as prescribed by department rule.

**ATCP 41.05 Sale by ton weight equivalent.** (a) Each person distributing liming material by volume on a ton weight equivalent basis shall be responsible for the correct cubic yard capacity marking of all vehicles used to distribute liming material.

(2) Persons desiring authority to distribute liming material by volume rather than weight, where weighing facilities are not readily available, shall submit requests for approval in writing to the department with the following information:

- (a) Name and address of applicant,
  - (b) Number of vehicles to be employed in hauling liming materials,
  - (c) Ownership of vehicles,
  - (d) Cubic yard capacity of each vehicle,
  - (e) Location of loading sites and location of scales closest to such loading sites, and
  - (f) Business locations from which the vendor wishes to sell by ton weight equivalent.
- (3) Unless otherwise specified in the notice of approval, all approvals for sale by volume shall expire on December 31 of each year. In the event of any change in vehicle usage or other data specified under subsection (2) during the period for which approval was granted, the department shall be notified of such fact and a supplemental request for approval shall be submitted within 15 days after such change. All temporary replacement vehicles used shall be marked to show cubic yard capacity as required by sec. 94.66, Wis. Stats.
- (4) The ton weight equivalent per cubic yard of each different liming material shall be determined by weighing one or more loads of known cubic volume of such material. The total weight is then divided by the cubic yards weighed to arrive at the ton weight equivalent per cubic yard.
