News

August 2017 Edition

Dear Wisconsin Children's Safety Advocates:

In July 2017, the U.S. Consumer Product Safety Commission issued a total of **7 recalls relating to products affecting children**. Attached is a summary of the releases identifying the product, the problem, and what should be done with the recalled product.

We have found that not all of the recalls are picked up by the news media as they occur. This monthly summary will give you the opportunity to review all of the children's product safety recalls for the past month.

If you are interested in a complete text of the recall, click on the hyperlink at the end of the recall description. This will direct you to the recall notice located on the CPSC website.

- **Superpedestrian Recalls Electric Bicycle Conversion Wheels Due to Fall and Crash Hazards ([17-754](#))**
- **TOMY Recalls Munching Max Chipmunk Toys Due to Lacerations Hazard ([17-188](#))**
- **Corbeau USA Recalls Camlock Seat Harness Belts Due to Fall and Projectile Hazards ([17-189](#))**
- **Manhattan Toy Recalls Activity Toys Due to Chocking Hazard ([17-191](#))**
- **iRover Recalls Self-Balancing Scooters/Hoverboards Due to Fire Hazard ([17-193](#))**
- **Quality Foam Recalls Mattresses Due to violation of Federal Mattress Flammability Standard ([17-193](#))**
- **Really Good Stuff Recalls Magnetic Dry Erase Boards Due to Lacerations Hazard ([17-757](#))**

KEEP YOUR KIDS SAFE

Release Number: (#17-754) Superpedestrian Inc., of Cambridge, Mass., is announcing the voluntary recall of about 230 electric bicycle conversion Copenhagen wheels. This recall involves the Copenhagen Wheel electric bicycle conversion wheels with serial numbers 01031708600020000000 through 01031710400250000000 for multi-speed wheels and 02031708600020000000 through 02031710400250000000 for single speed wheels. The Copenhagen wheel converts a standard bicycle into an electric bike. It is compatible with 26 inches and 700c (about 28 inches) wheel sizes. All components are housed inside the wheels red hub. The Superpedestrian logo appears in white on the hub. The serial number can be found on the wheel's user interface panel just above the axle.

Problem: The rear axle can fail, posing fall and crash hazards to riders.

What to do: Consumers should immediately stop using the recalled electric bicycle conversion wheel and contact Superpedestrian to receive a free replacement electric bicycle conversion wheel, including shipping. Consumers can contact Superpedestrian collect call at 617-945-1604 from 10 a.m. to 5 p.m. ET Monday through Friday or online at Superpedestrian.com and click on "Support" for more information.

Release Number: (#17-188) TOMY International Inc., of Oak Brook, Ill., announces the voluntary recall of about 9,300 Lamaze Munching Max chipmunk stuffed toys. This recall involves Lamaze Munching Max chipmunk stuffed toys with item number L27578. "Tomy," "Lamaze" and the item number are printed on a sewn-in fabric label near the tail of the toy. The stuffed toy is multi-colored with a white clip on the head of the chipmunk. When the clip is pulled, the chipmunk toy vibrates and simulates eating the cloth nut attached to its arm.

Problem: Parts inside the toy can break creating a sharp point that can penetrate the surface of the toy, posing a laceration hazard.

What to do: Consumers should immediately take the recalled toys away from children and contact TOMY International to receive a free replacement toy and a TOMY online store coupon. Consumers can contact TOMY International toll-free at 866-725- 4407 from 7:30 a.m. to 4:30 p.m. CT Monday through Thursday and 7:30 a.m. to noon Friday or online at <http://recall.tomy.com>. Consumers can also visit www.tomy.com and click on Recalls for more information.

Release Number: (#17-189) TOMY Corbeau USA, LLC., of Bluffdale, Utah, announces the voluntary recall of about 2,000 5-point Camlock Harness Belts. This recall involves 5-Point Camlock harness belts intended for use on off-highway vehicles. The belts have part numbers 53001B, 53007B and 53009B. These 5-point camlock harness belts have five mounting points; two lap points, two points behind the seat and an additional strap between the legs. Only harness belts with a date code between May 2016 and May 2017 are included in the recall.

Problem: One of the five harness belts can unlock during use and allow the user to fall out of or be thrown from the vehicle, posing a risk of serious injury or death.

What to do: Consumers should immediately stop using the recalled product and contact Corbeau USA to receive a replacement or refund. Consumers can contact Corbeau USA collect at 801-255-3737 from 9 a.m. to 5 p.m. MT Monday through Friday, email at info@corbeau.com or online at www.corbeau.com and click on "Product-recall" for more information.

Release Number: (#17-191) The Manhattan Toy Company LLC, of Minneapolis, Minn., announces the voluntary recall of about 14,400 Winkel™ Colorburst activity toys. The Winkel Colorburst teething and activity toy has multi-color plastic tubing inserted into a plastic cube with rattle beads inside. The model number and lot code are printed on the center of the cube and on the hang-tag and product packaging near the UPC code. Only activity balls with the following lot codes are included in this recall: 206880 DH; 206880 EH; 206880 HH; 206871 EH.

Problem: The colored plastic tubes on the product can become brittle and break into small pieces, posing a choking hazard to infants.

What to do: Consumers should immediately take the recalled toys away from infants and return it to the store where purchased or contact Manhattan Toy for a full refund. Consumers can contact The Manhattan Toy Company at 800-541-1345 from 8 a.m. to 5 p.m. CT Monday through Thursday and 8 a.m. to 12 p.m. CT Fridays, or online at www.manhattantoy.com and click on Recalls at the bottom of the page for more information.

Release Number: (#17-193) iRover LLC, of Fair Lawn, N.J., announces the voluntary recall of about 2,800 self-balancing scooters / hoverboards. This recall involves iRover self-balancing scooters, commonly referred to as hoverboards, model numbers 87645 and 87644. Hoverboards have two wheels at either end of a platform and are powered by lithium-ion battery packs. The boards have “iRover” printed on the front outer casing and come in black and white. The model number is listed on the bottom of the unit.

Problem: The lithium-ion battery packs in the self-balancing scooters/hoverboards can overheat, posing a risk of smoking, catching fire and/or exploding.

What to do: Consumers should immediately stop using these recalled scooters/hoverboards and contact iRover for instructions on returning their hoverboard for a free UL2272-certified replacement unit. Consumers can contact iRover toll-free at 888-348-6434 from 9:30 a.m. to 5 p.m. ET Monday through Friday or online at www.iroverus.com and click on Recall Notice for more information.

Release Number: (#17-194) Quality Foam, of Brooklyn, New York, announces the voluntary recall of about 12,200 quality foam mattresses. This recall involves Quality Foam model “CF” mattresses. The mattresses have a white, a blue or a green vinyl covering. Only mattresses with the initials “CF” on the product’s labeling are included in this recall.

Problem: The mattresses fail to meet the mandatory federal flammability standard for mattresses, posing a fire hazard.

What to do: Consumers should immediately stop using the recalled mattresses and contact Quality Foam or the place of purchase for instructions on receiving a free mattress cover to bring the mattress into compliance with the federal standard. Consumers can contact Quality Foam toll-free at 844-511-3644 from 7:30 a.m. to 3 p.m. Monday through Friday or email at customerservicequalityfoam@gmail.com.

Release Number: (#17-757) Really Good Stuff, LLC, of Monroe, Conn., announces the voluntary recall of about 1.6 million Write Again® magnetic dry erase white boards. This recall includes Write Again brand dry erase white boards sold in four sizes with SKU numbers: 152277 (double sided, 9 by 12 inches); 136110 (9 by 12 inches); 152211 (12 by 18 inches) and 301800 (6 by 9 inches). Lot numbers XXXXXX-0903 through XXXXXX-1115 and SKU numbers are printed on a label on the back of the dry erase board. The boards were sold individually and in packs of six.

Problem: The thin magnetic metal surface can separate from the product’s wooden board, posing a laceration hazard.

What to do: Consumers should immediately stop using the recalled boards and contact Really Good Stuff for a replacement board. Consumers can contact Really Good Stuff at 800-801-4046 from 9 a.m. to 5 p.m. ET Monday through Friday, email at Recalls@reallygoodstuff.com, or online at www.reallygoodstuff.com, and click on “Product Safety” at the bottom of the page for more information.
