V. Comment from the Chair
Reminder for the beginning of a new year that the purpose of the VEB is to protect public safety.
Reminder for members to recuse themselves when needed.

VI. Public Comments
Each speaker is limited to five minutes or less, depending on the number of speakers. Each speaker must fill out and submit an appearance card to the Board clerk.

Dr. Susan Krebsbach, DVM, spoke about the veterinary-client-patient-relationship (VCPR) and telemedicine:
- She is a veterinarian working on pet behavior problems. An estimated 3-4 million cats and dogs are put down every year in shelters in the US. Behavior issues are a major cause for relinquishment to shelters and animals being put down. Conducting home consultations is not always possible because of driving distance and availability of veterinarians working on behavioral issues.
- With videoconferencing, one can observe the pet in their natural setting, see the home, meet the entire family, and witness how each family member interacts with the pet. Behavioral consultations over videoconference are better than what can be achieved in a veterinary clinic for behavioral consultation. The only thing missing is physical touch. Behavioral services are an extension of the veterinary clinic. She asked that the State consider revising the definition of VCPR to include telemedicine to improve access to veterinary care.
- She explained that she always recommends doing blood tests through the referring veterinarian prior to any pharmaceutical intervention and asks for medical records for the past year or two. About 80% of her clients are referrals. Veterinarians currently cannot make recommendations unless they have physically examined the dog but a dog training could make recommendations without examining the dog. Telemedicine could expand access to veterinary care, especially to those in poverty. She explained that she is licensed in Wisconsin so she only practices on animals in Wisconsin.

Jordan Lamb, legal counsel for the Wisconsin Veterinary Medical Association (WVMA), thanked the Board for providing guidance regarding cannabis and spoke about telemedicine:
- WVMA formed a taskforce to look at AAVSB guidance and practices in other states, which formed the basis for the letter provided to the Board. She asked that the VEB begin guidance or rulemaking to address telemedicine.

VII. Board Guidance

A. Wisconsin Veterinary Medical Association (WVMA) Request for Guidance Regarding Telemedicine
Cheryl Daniels discussed legal aspects: The VCPR definition in statute requires a recent examination. Rules could be written to include how telemedicine would fit into the definition of examination. Guidance documents alone may not be enough for this topic because it covers bigger parameters. The current VE 1-11 scope statement would not cover this topic, so telemedicine would need a separate scope statement or the VE 1-11 scope would need to be revised.
The Board would like to evaluate this topic further to determine if any pieces could be clarified in a guidance document and determine the next steps for potential rulemaking.
MOTION: Diane Dommer Martin moved, seconded by Bruce Berth, to create an administrative rules committee to work on guidance documents regarding telehealth and other guidance documents in the future. Motion carried unanimously.

B. Cannabis Guidance Document – Final Draft for Approval
No changes to final draft based on comments submitted.

MOTION: Hunter Lang moved, seconded by Kevin Kreier, to approve the cannabis guidance document (VEB-GD-002). Motion carried unanimously.

Discussed concerns about cannabis sellers making false statements about the VEB position regarding cannabis. Department staff sent a cease and desist letter. Department staff will send a notice to licensees regarding the approved VEB guidance document.

C. Process for Finalizing Guidance Documents
The Administrative Rules Committee could meet in between board meetings.

D. Wisconsin Veterinary Medical Association (WVMA) Request for Guidance Regarding Dispensing of Veterinary Prescription Drugs
The Board received a question about whether a veterinarian can dispense a drug based on another veterinarian’s prescription and VCPR, under ch. 89, Wis. Stats. The Board would like to evaluate this topic for a guidance document and for potential rulemaking.

MOTION: Kevin Kreier moved, seconded by Bruce Berth to create a guidance document clarifying the role of dispensing veterinary prescriptions. Motion carried unanimously.

Whether a Wisconsin veterinarian can dispense for a prescription from an out-of-state veterinarian: the best practice would be either for the Wisconsin veterinarian to establish a VCPR or for the client to either get the prescriptions from a human pharmacy or have the prescription mailed from the out-of-state veterinarian.

Shelter staff and prescriptions: In both scenarios the shelter veterinarian has examined the animal in the past year, which may suffice to establish the VCPR as long as the script is medically appropriate to be prescribed based on the prior exam.

VIII. American Association of Veterinary State Boards (AAVSB) Matters

The VE 7 CAITs final rule was published in the March register with an effective date of 4/1/20. No Board action is required.

The VE 1-11 statement of scope was revised to include telehealth. The revised scope was submitted to the governor for approval on 4/7/20. After the governor approves, the scope will go to both the VEB and the DATCP Board for approval. If JCRAR requires an additional preliminary public hearing, the notice of the public hearing would need to be approved by both Boards, the hearing and comment period would be held, and then the Boards could each approve the statement of scope. No Board action is required at this time. |

(END)
February 3, 2020 – Introduced by Representatives NEYLON, BALLWEG and OTT, cosponsored by Senators NASS, CRAIG and STROEBEL. Referred to Committee on Government Accountability and Oversight.

AN ACT to amend 227.135 (5); and to create 227.135 (6), 227.135 (7) and 227.14 (6) (c) 1. c. of the statutes; relating to: statements of scope for administrative rules.

Analysis by the Legislative Reference Bureau

Under current law, in order to promulgate a rule, an agency must submit a statement of scope for the proposed rule for review by the Department of Administration and approval by the governor. Once the governor approves the statement, the agency must send the approved statement of scope to the Legislative Reference Bureau for publication in the Wisconsin Administrative Register before continuing with the rule promulgation process. A statement of scope expires after 30 months, after which the agency may not promulgate any rule based on that statement of scope that has not been submitted for legislative review by the expiration date. This bill does the following:

1. Limits an agency to promulgating one permanent and one emergency rule per statement of scope.

2. Allows an agency to formally withdraw a statement of scope prior to its expiration date by sending a withdrawal notice for the statement to the LRB for publication in the Wisconsin Administrative Register. Once a statement of scope has been withdrawn, the agency may not promulgate a rule based upon that statement of scope and all proposed rules based upon that statement of scope that are in the process of being promulgated are automatically withdrawn.
3. Clarifies that, when a statement of scope expires, an agency also may not promulgate an emergency rule based upon that statement of scope.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 227.135 (5) of the statutes is amended to read:

227.135 (5) A statement of scope shall expire on the date that is 30 months after the date on which it is published in the register. After a statement of scope expires, an agency may not submit a proposed permanent rule based upon that statement of scope to the legislature for review under s. 227.19 (2), and any such rule that has not been submitted to the legislature for review before that date shall be considered withdrawn on that date as provided in s. 227.14 (6) (c) 1. a. After a statement of scope expires, an agency may not promulgate a proposed emergency rule based upon that statement of scope. For purposes of this subsection, a revised statement of scope prepared under sub. (4) shall expire on the date that is 30 months after the date on which the revised statement is published in the register.

SECTION 2. 227.135 (6) of the statutes is created to read:

227.135 (6) (a) Except as provided in par. (b), an agency may withdraw a statement of scope by sending a withdrawal notice for the statement to the legislative reference bureau for publication in the register. The notice may include a statement regarding the reasons the agency is withdrawing the statement of scope. The agency shall also notify the presiding officer of each house of the legislature and the legislative council staff of the withdrawal. When an agency withdraws a statement of scope as provided in this paragraph, each proposed rule based upon that statement of scope that has not been filed under s. 227.20 and that has not otherwise already
been withdrawn shall also be considered withdrawn on that date as provided in s. 227.14 (6) (c) 1. c.
(b) An agency may not withdraw a statement of scope under par. (a) that has expired under sub. (5).
(c) An agency may not promulgate a rule based upon a statement of scope that has been withdrawn.

SECTION 3. 227.135 (7) of the statutes is created to read:
227.135 (7) An agency may not promulgate more than one permanent rule and one emergency rule based on a statement of scope.

SECTION 4. 227.14 (6) (c) 1. c. of the statutes is created to read:
227.14 (6) (c) 1. c. On the date that the statement of scope for the proposed rule is withdrawn under s. 227.135 (6) (a).

SECTION 5. Initial applicability.
(1) The treatment of s. 227.135 (7) first applies to statements of scope that are approved by the governor on the effective date of this subsection.

(END)
March 26, 2020 - Introduced by Senators JACQUE and WANGGAARD, cosponsored by Representatives MURPHY and WICHGERS. Referred to Committee on Public Benefits, Licensing and State–Federal Relations.

AN ACT to renumber 440.09 (2); to renumber and amend 440.09 (2m), 440.09 (3) (a), 440.09 (3) (b), 440.09 (4) and 440.09 (5); to amend 101.022, 101.874 (2), 101.874 (3) (intro.), and 440.09 (title); and to create 89.072 (3), 101.874 (4), 440.09 (1) (title), 440.09 (1m), 440.09 (2e) (title) and 440.09 (3m) of the statutes; relating to: reciprocal credentials and granting rule–making authority.

Analysis by the Legislative Reference Bureau
This bill establishes a process for credential holders from other states to obtain reciprocal credentials to practice their professions in Wisconsin. Under the bill, a person who applies to the Department of Safety and Professional Services, a credentialing board, or the Veterinary Examining Board, as appropriate, must be granted a reciprocal credential if the person holds a license, certification, registration, or permit granted by another state that qualifies the person to practice the profession authorized under the analogous credential granted by DSPS or the appropriate board. In order to receive the reciprocal credential, an applicant must reside in Wisconsin and satisfy certain other requirements, including that 1) the applicant has held a license, certification, registration, or permit analogous to the credential in another state for at least one year; 2) when the applicant was granted the license, certification, registration, or permit, minimum education and, if applicable, work experience and clinical supervision requirements applied; 3) the applicant has not had a license, certification, registration, or permit revoked; 4) the applicant does not have a complaint, allegation, or investigation pending before a
The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 89.072 (3) of the statutes is created to read:

89.072 (3) (a) The examining board shall grant a license or certification under s. 89.06 to a person who the examining board determines meets all of the following requirements:

1. The person applies for a license or certification under this chapter on a form prescribed by the examining board.

2. The person holds a license, certification, registration, or permit that was granted by another state that qualifies the person to perform the acts authorized under the license or certification granted by the examining board and all of the following apply:

   a. The person has held that license, certification, registration, or permit for at least one year.

   b. When the person was granted the license, certification, registration, or permit, there were minimum education requirements in effect, and the other state
verifies that the person met those requirements in order to receive that license, certification, registration, or permit.

3. The person establishes residence in this state.

4. The person previously passed all examinations required for the license, certification, registration, or permit in the other state, if required by the other state.

5. The person has not had his or her license, certification, registration, or permit revoked and has not voluntarily surrendered a license, certification, registration, or permit in another state or country while under investigation for unprofessional conduct.

6. The person has not had discipline imposed by a regulating entity in another state or country, except that if a regulating entity in another state or country has taken disciplinary action against the person, the examining board shall determine if the cause for the action was corrected and the matter resolved, and if the matter has been resolved, the examining board shall issue the license or certification if the other requirements in this paragraph are satisfied.

7. The person does not have a complaint, allegation, or investigation pending before a regulating entity in another state or country that relates to unprofessional conduct. If the individual has any complaint, allegation, or investigation pending, the examining board shall suspend the application process and may not issue or deny a license or certification to the person until the complaint, allegation, or investigation is resolved.
