## POTATO ROT NEMATODE NOTICE OF CROPPING PLAN

Copies of each completed questionnaire shall be made available to the Wisconsin potato growers association and the College of Agriculture and Life Sciences, upon request. (See s. ATCP 21.14(3)(c), Wis. Adm. Code.)

Dear Landowner,

You are being contacted as owner of a parcel of land previously found to be infested with Potato Rot Nematode, Ditylenchus destructor and designated as an infested field under authority of ch. ATCP 21, Wis. Adm. Code. This property has: (a) not been released from its designation as an infested field or (b) released from its designation as an infested field but still under department surveillance.

If a notice of infestation is withdrawn under s. ATCP 21.14(3) (e) or (f), the department may continue to examine potatoes grown on the field to verify that there is no evidence of potato rot nematode infestation.

Ch. ATCP 21, Wis. Adm. Code, requires the department to determine cropping plans on all such lands. Sec. ATCP 21.14(3)(c) prohibits planting potatoes on any infested field without prior written notice to the department. Potatoes grown on infested fields may not be certified or sold as seed without the approval of the department. Potatoes grown on infested fields may not be sold for table or processing use except as specifically authorized by the department.

Each field with potato rot nematode history has been mapped, assigned a unique number, and stored in WDATCP's Geographic Information Systems data base. This is **FIELD NUMBER**\_\_\_\_\_ .

Legal Description of the Property						
County _____	Town of _____	Township _____	Range _____	Section _____	1 / 4 _____	Acres _____

*(please refer to enclosed map for more detail)*

Please complete the questionnaire below and return this form to the department before **April 15**. ***If this parcel of land is being rented or leased to another party for growing crops, please give this form to the renter, so they can complete it and return it to the department in the enclosed envelope.***

**Crop(s) to be grown on this field(s) in 20\_\_\_\_\_** *(if potatoes are to be grown, please indicate the variety)*
