STATE OF FORMATION (Required if not sole proprietor):

LICENSE REQUIREMENTS

No person shall manufacture or distribute commercial feed in this state without an annual license from the department. "Manufacture" means to mix, blend, process, package, or label commercial feed. A person paid by the final retail purchaser of a mill-formulated feed to provide specifications for that feed is engaged in manufacturing, labeling, or distributing a commercial feed. No license shall be required of persons distributing only:

1. Packaged commercial feed in the original container of a licensed manufacturer or distributor, as packaged and labeled by them, with their name and address on the label.
2. Bulk commercial feed as received from, and properly labeled by, a licensee.
3. Feeds custom-mixed at retail if commercial feeds used in the mixture obtained from another commercial feed licensee who paid or will pay inspection fees on the commercial feed ingredients as shown by invoices or receipts.

NOTE: Licenses are non-transferable and fees are non-refundable. Additional business locations may not begin operating during the license year without submitting an additional license application and payment of an additional \$25 fee.

WISCONSIN PREMISES INFORMATION

Complete one form for each Wisconsin premises. Complete one license application for the location as denoted on product labels, and one license application for each Wisconsin location where feed is manufactured, labeled, or distributed.
