Commercial Feed Tonnage & Inspection Fee Report for January 2025 - December 2025 [Wis. Stat. § 94.72(6)]

Persons required to obtain a commercial feed license under Wis. Stat. § 94.72(5) must file a commercial feed tonnage report [Wis. Stat. § 94.72(6)]. Personal information you provide may be used for purposes other than that for which it was originally collected [Wis. Stat. § 15.04(1)(m)]. Failure to file a report or pay applicable fees will subject the licensee for penalties under Wis. Stat. § 94.72(6)(i), including, but not limited to, a penalty of 10% of the amount due and immediate suspension or revocation of license. Information provided to the department in this tonnage report for the Commercial Feed program is CONFIDENTIAL as provided under Wis. Stat. § 94.72(6)(am)3.

WISCONSIN INSPECTION FEE - Wis. Stat. § 94.72(6)

- If more than one manufacturer or distributor is involved in the chain of distribution, the one who first sells or distributes commercial feed in this state or to a person in this state for further sale is responsible for the payment of inspection fees for the feed.

- In other words, the first person to distribute a commercial feed or feed ingredient in or into Wisconsin is responsible for reporting tonnage and remitting fees.

- If a licensee distributes zero tons of commercial feed in/into Wisconsin, the minimum fee of \$50.00 is due.

- Report commercial feed tonnage on a calendar year period (January through December).

- Retain the detailed, written documentation to support all totals and calculations used in filing the annual Commercial Feed Tonnage & Inspection Fee Report.

- Data provided in this form enables the department to:

- 1) ensure compliance with Wis. Stat. § 94.72(6),
- 2) calculate the proper payment of inspection fees (avoiding over- or under- payment), and
- 3) hold licensees accountable for commercial feed and feed ingredients introduced to the public.
