Tonnage reports are kept confidential to the extent authorized by law (sec. 94.64(6m), Wis. Stats.). Personal information you provide may be used for purposes other than that for which it was originally collected (sec. 15.04(1)(m), Wis. Stats.).

The required tonnage report must be submitted on this form. If the tonnage report is not filed or any inspection fee and/or surcharge is not paid before the expiration of the license, the person required to take those actions is subject to summary license suspension and additional fees and/or surcharges [ss. 15.04(1)(m), 94.64(5), and 94.64(6p), Wis. Stats. and ATCP 40.06, Wis. Admin. Code].

Schedule A: Fertilizer Ingredients

Use this schedule to report ONLY fertilizer components listed below for which you owe tonnage fees.

If you distributed a fertilizer with a grade not exactly as it listed here, use either Schedule B or C; do not enter tonnage twice.

Schedule B: Agricultural Mixed Fertilizers Use this schedule to report ONLY mixed fertilizer or custom blended fertilizer (with N-P-K grade or 0-0-0) intended for agricultural use for which you owe tonnage fees. For non-agricultural fertilizer use Schedule C instead; do not enter tonnage twice. (Please see description of a non-agricultural fertilizer in Schedule C.) If you report an agricultural mixed fertilizer (with N-P-K grade or 0-0-0) with a secondary or micro nutrient, you must specify which elements are included and the percent guarantee. For example, 24-0-15-2Fe; where Fe stands for iron at 2%. Please refer to abbreviations and examples given below. Schedule C: Nonagricultural Fertilizers

Use this schedule to report ONLY fertilizer designed, labeled, and distributed for non-farm use, including use for home gardens, lawns, shrubbery, flowers, golf courses, parks, cemeteries, greenhouses, nurseries, lawn care companies, or scientific research or experimentation (with N-P-K grade or 0-0-0) *for which you owe tonnage fees.*

For agricultural fertilizer (one that does not fit the description above) use Schedule B instead; do not enter tonnage twice.

Note: Lawncare companies that apply liquid lawn fertilizer must report the **total tonnage including water** listing the final diluted grade of the fertilizer as listed on the nonagricultural permits issued to you.

CREDIT REPORTING

Part 2 - CUSTOMER CREDIT

Do NOT list the credit tons listed on this schedule, on Schedules A, B or C.

Did you distribute fertilizer to other Wisconsin licensees, or for further manufacturing, without collecting Wisconsin tonnage fees? (Customer/buyer must agree to pay tonnage fees to this department and must have a current Wisconsin fertilizer license.)

License numbers MUST be entered; contact your customers to obtain their license numbers.

Responsibility for payment of the fees must be established in writing between you and the licensed buyer at the time of distribution.

Include copy of written agreement for each person listed below.

DO NOT ATTACH SEPARATE PRINTOUTS. You may copy this page if you need more space to report supplier credit.
