

**2021 Gypsy Moth Slow the Spread Program:**  
**Chart of Treatment Sites and Completion Dates**

Wisconsin Department of Agriculture, Trade and Consumer Protection

**Updated: 18-February-2021**

- The 2021 Slow the Spread program has planned treatments for 45 sites in the following 14 counties: Barron, Chippewa, Crawford, Douglas, Dunn, Grant, Green, Iowa, La Crosse, Lafayette, Rusk, Trempealeau, Vernon, and Washburn.
- Aerial treatments depend on good weather and proper flying conditions. Therefore, dates are usually determined on a day-to-day basis. Any dates that are changed are due to weather, logistical or mechanical problems. The latest updates are available on the gypsy moth toll-free hotline 1-800-642-MOTH (6684), option 1.
- Sites will be treated with one of the following products: *Bacillus thuringiensis* var. *kurstaki* (Btk) or an organic Mating Disruption (MD). Generally, Btk is applied in late spring, and MD treatments take place in early summer.
- Maps and more information are available on the website <http://gypsymoth.wi.gov>, <http://gmaerialspray.wi.gov> or e-mail [gypsymoth@wisconsin.gov](mailto:gypsymoth@wisconsin.gov).

Block name	County	Treatment	Dosage	Applications	Scheduled Treatment Date		Treatment Acres
					1 <sup>ST</sup> Application	2 <sup>ND</sup> Application	
Barron1	Barron	Btk	24 CLU	2	TBD	TBD	1179
Chippewa1	Chippewa	Btk	24 CLU	2	TBD	TBD	1874
