## Agricultural Enterprise Area Petition

The undersigned persons hereby petition the Wisconsin Department of Agriculture, Trade and Consumer Protection (DATCP), pursuant to s. 91.86, Wis. Stats., to create an Agricultural Enterprise Area (**AEA**) under s. 91.84, Wis. Stats. We have read the guidance provided and submit the following information in support of the petition:<sup>1</sup>

### PART I. GENERAL INFORMATION

- A. Name of AEA. The Headwaters  
Ag Enterprise  
Area of Southeast  
Monroe County  
Monroe
- B. County or counties in which the proposed AEA is located. Monroe
- C. All towns, villages or cities in which the proposed AEA is located. Towns of  
Wellington,  
Glendale, Clifton,  
Wilton.
- D. Number of owners of eligible farms within the proposed AEA who signed the petition. 99
- E. Total number of acres in the proposed AEA. 86,380
- F. All parcels in the proposed AEA are located within a farmland preservation area designated in the certified county farmland preservation plan. ☒ Yes ☐ No
- G. All parcels in the proposed AEA are contiguous. ☒ Yes ☐ No
- H. The proposed AEA is primarily in agricultural use. ☒ Yes ☐ No
- I. Primary type of agricultural production in the proposed AEA. dairy, cash grain
- J. Designated contacts for the AEA. *Please list at least two contacts for the AEA; preferably at least one staff contact (county, town, UWEX, regional planning commission etc.) and one landowner representative.<sup>2</sup> You may have more than two contacts. Attach a separate page if necessary.*

Name: Mark Henthorne, Glendale dairy farmer  
 Address: 29248 Moccasin Ave., Kendall 54638

Name: Bob Micheel, Monroe Co. LCD  
 Address: 820 Industrial Dr., Ste. 3, Sparta  
 54656

<sup>1</sup>Personal information you provide may be used for purposes other than that for which it was collected, s. 15.04(1)(m), Wis. Stats.

<sup>2</sup>The listed contacts should be willing to:

- Communicate with other petitioners and partners in the AEA, with the Department of Agriculture, Trade and Consumer Protection and with contacts in other AEAs
- Respond to an annual status update inquiry from the Department of Agriculture, Trade and Consumer Protection
- Engage in activities within the AEA

Phone number: 608/487-7336

Email: markhenthorne@centurytel.net

Phone number: 608/269-8975

Email: bob.micheel@co.monroe.wi.us

## **PART II. PURPOSE AND RATIONALE FOR AEA<sup>3</sup>**

Introduction to proposed AEA (optional):

The proposed Headwaters AEA of Southeast Monroe County, comprising four townships in the southeast corner Monroe County, is part of the nonglaciaded driftless area of southwest Wisconsin. This AEA would include the headwaters to 3 major drainage basins, the Kickapoo River, the Little Lemonweir River, and the Baraboo River. This is a very unique feature, especially for such a small area.

Landowners in the AEA have a good history of land stewardship. Currently there are 5,938 acres in 268 parcels that are enrolled in the Managed Forest Law. Since approximately 45% of this area is wooded, forest business and management is an important part of the economy of this area. A portion of this area, mainly in Wellington Township, is a part of the Middle Kickapoo River Watershed, which was designated as a nonpoint source control project in 1989. During the implementation phase of this project, 24 landowners within the proposed AEA signed contracts for nonpoint pollution abatement.

Agriculture is the dominant land use in this AEA. Assessment totals show 59,500 acres assessed as agricultural. Soil types in the area are almost exclusively Norden, La Farge, and Valton map units, which are rolling to steep, clay and silt loams. Farmers in this area know they must implement conservation practices to keep soil losses to a minimum.

Dairy is the predominant ag activity in the AEA. The dairy farms are small to mid-size operations. There are no CAFO's located in the AEA, and there are no farms approaching the CAFO size threshold.

---

### **1. State the specific goals for the preservation of agricultural land use.**

For many years, probably since this area was settled by people of European descent, preservation of agricultural land has taken a back seat to other kinds of development. More recently local governments have welcomed non-agriculture development with no regard to the type or amount of land taken out of agricultural production. More recently a broad concern has grown that agricultural land protection is important and needed here in our area. This is the reason we are attempting to gain an Agricultural Enterprise Area designation. As in many areas of rural counties, landowners realize the importance of ag land protection, but do not take actions to accomplish any land preservation goals. It is our goal to begin to change that mindset with an Ag Enterprise Area. An AEA would lead the way towards voluntary ag land preservation and governmental controls on where and what type of development that takes place. People are the most important thing in the world and people need productive ag land. It is also our goal that the AEA designation will help foster an enhanced conservation movement.

---

<sup>3</sup> DATCP will evaluate petitions under s. 91.86, Wis. Stats., and will consider information provided in response to the following questions.

2. State the specific goals for agricultural development and/or innovation.

At this time, market demand, profit potential, and a lack of close proximity to large population centers have resulted in the majority of ag land use being for the production of row grain crops, small grains, and animal forage. There is a good infrastructure in place with many livestock farms, several grain storage/marketing facilities, and an ethanol plant nearby. Recent investments by ag cooperatives in or near the area show the confidence that ag business has in the areas' ag producers. It is the goal of the AEA to retain the existing ag businesses and support the new investments. Another goal is to encourage landowners to sign Farmland Preservation agreements that serve as a tool to help minimize rural landowner/farmer conflicts. If the above goals are met, then the goal of preserving the agricultural heritage of the area is attained.

---

3. Comment on the relationship between the area's goals for agricultural preservation and agricultural development.

This proposed AEA is not located near a large city or industrial area, so we have escaped some of the pressures other municipalities have faced when it comes to non-ag development. For us it is not too late to take an interest in ag preservation in order to maintain our ag lifestyle and to allow the next generation to do the same. It is hoped that an AEA will help people plan for the future.

---

4. Describe (a) all current land uses within the proposed AEA **and** (b) provide information about land use trends in and around the AEA. (*The proposed AEA must be primarily in agricultural use.*)

The majority of the land in the proposed AEA is owned by farmers who produce all or a significant portion of their income from farming operations. In addition to grain and forage, there is a sizeable vegetable growing/direct marketing industry. Timber production is also an important land use. The immediate areas surrounding the proposed AEA has land and farming operations similar to ours but with more industrial, residential, cranberry production, and mining development. In the future, market demand, profit potential, and suitability of land for crops here and elsewhere will determine the type of ag production. As in many areas of the county, land use trends favor increased cash crops as the operators of small dairy operations reach retirement age. At this time there is no indication of interest in large CAFO type operations in the area, although there will certainly be dairy expansions as farms consolidate.

Maps included with this petition show current land use (2010) and cropland data from 2013. Both maps include a legend with acreages.

---

5. How did you determine the boundary (location and size) of the proposed AEA? As part of your answer describe efforts to involve and inform the public in the petition process.

This proposal is being submitted because of the interest of local landowners. Mr. Henthore made multiple contacts with township and village officials as well as landowners in each township to inform them of the proposed ag enterprise area. He also contributed articles to 4 local newspapers and a local radio station. It was decided to make the AEA four complete townships for ease of description and because land use in these four contiguous townships is very similar. The land use is predominately ag, and will be for the foreseeable future.

---

6. Confirm that the proposed AEA is consistent with any existing local comprehensive plan. Use the space provided for any additional information. Submit a future land use map, if available. *Please do not submit a complete copy of any comprehensive plan.*

☒ The county of Monroe has a comprehensive plan and the proposed AEA is consistent with this plan.

Link to plan(s): <http://www.co.monroe.wi.us/departments/zoning/>

☒ The Town(s) of Wilton and Glendale have a comprehensive plan and the proposed AEA is consistent with this plan.

Link to plan(s): Wilton:

[ftp://ftp.wi.gov/DOA/public/comprehensiveplans/W121\\_Wilton\\_V\\_CompPlan.pdf](ftp://ftp.wi.gov/DOA/public/comprehensiveplans/W121_Wilton_V_CompPlan.pdf)

Glendale:

<ftp://ftp.co.monroe.wi.us/Land%20Conservation/>

☒ There are no comprehensive plans for the political subdivisions in which the proposed AEA is located. The Townships of Clifton and Wellington do not have comprehensive plans

Additional comments on comprehensive plan and relationship to proposed AEA: Monroe County has a comprehensive plan, but shows no information for Clifton and Wellington Townships since they have not completed plans.

---

7. Describe any recent investments made to support agriculture and agricultural-related business in or near the proposed AEA.

In 2013, United Cooperative merged with Hillsboro Farmers Cooperative. They have expanded their grain facility at Hillsboro, and are updating/expanding their feed mill at Wilton. They are also in the exploratory/ development stages of a new agronomy center in the area.

In 2013, Allied Cooperative opened a new agronomy center near Tomah.

Both of the above facilities serve the proposed Ag Enterprise Area.

---

8. Indicate the approximate level of petitioner compliance with state soil and water standards.

☐ Nearly all petitioners are in compliance

☐ More than half of the petitioners are in compliance

- ☒ Half or less than half of the petitioners are in compliance **(because of no nutrient management)**
- ☐ Few or no petitioners are in compliance
- ☐ Compliance status of petitioners is unknown
- 

9. Describe the level of non-petitioner cooperator support for the petition.

We believe the support is high. Although these townships have a significant population of Amish, who have a history of not participating in government programs, they are in support of preserving farmland. Land Conservation Department staff have had success working with Amish on conservation issues in other parts of the county and would likely be able to do so in the proposed AEA.

Cooperator Petitioner Signature Pages were received from 10 businesses that deal with the landowners in the AEA. The businesses include a trucking company, a tire company, an artificial insemination rep, 4 equipment dealers, a vet clinic, a farm supply coop, and a dairy supply dealer.

---

10. Fill in the tables to provide information about partners and activities in the proposed AEA. Attach additional pages if necessary.

A. AEA Partners	
<i>Ex: UW-Extension, county economic development department, county conservation department</i>	<i>Ex: AEA outreach, strategic planning, marketing, grant-writing, soil and water conservation activities</i>
Partner: Monroe Co LCD	Partner activity: Soil & Water Conservation, grant writing, outreach
Partner: UW-Extension	Partner activity: outreach & education
Partner: USDA-NRCS	Partner activity: soil and water conservation
Partner: Monroe Co Planning & Zoning	Partner activity: Planning

B. Farmland Preservation Agreement Strategy	
<i>Activity</i>	<i>Summarize <b>future</b> outreach efforts, including who will provide assistance</i>
<input type="checkbox"/> Informational meeting(s)	The landowners in this watershed are familiar with Farmland Preservation agreements. Future outreach efforts would consist primarily of one-on-one contacts and information in the media. In addition, townships will be asked to send informational material with annual property tax statements.
<input checked="" type="checkbox"/> Mailing	
<input checked="" type="checkbox"/> One-on-one conversations	
<input checked="" type="checkbox"/> Newsletter/media	
<input type="checkbox"/> Other	

### C. Land Use Controls

<i>Type of Control</i>	<i>Existing/Future</i>	<i>Provide details about the selected control</i>
<input type="checkbox"/> Farmland preservation zoning ordinance		The is no existing farmland preservation zoning in Monroe County.
<input checked="" type="checkbox"/> Other zoning ordinances Specify: County Zoning	Existing	The Township of Wilton has adopted County Zoning. The other townships have no zoning controls.
<input checked="" type="checkbox"/> Farmland preservation agreements	Existing/Past	Since 1982, 67 landowners have had contracts totaling 13,100 acres in these 4 townships.
<input type="checkbox"/> Purchase of development rights and/or easements (donated or purchased)		
<input type="checkbox"/> Transfer of development rights		
<input checked="" type="checkbox"/> Subdivision ordinances	Existing	Monroe County has a subdivision ordinance that applies to all unincorporated areas or the county, regardless of zoning status.
<input type="checkbox"/> Cooperative boundary agreements/inter-municipal agreements		
<input type="checkbox"/> Natural area protections		
<input checked="" type="checkbox"/> Other (specify) Streambank Easements	Existing/Future	As part of their streambank easment program, the Wis. DNR has taken easments on the Little Lemonweir River (Clifton Creek) in Clifton Township to protect this class 1/class2 fishery. Monore County has taken several easments along another class 2 stream, Billings Creek, and along segments of the Kickapoo River and Baraboo River systems.
<input type="checkbox"/> Other (specify)		

<b>D. Agricultural Development Activities</b>		
<i>Type of Activity</i>	<i>Existing/Future</i>	<i>Provide additional details</i>
<i>Ex: Joint marketing or purchasing, development of agri-tourism opportunity, value-added agriculture</i>	<i>Ex: Existing</i>	<i>Ex: Producers have formed a producer cooperative to market their products directly to consumers.</i>
Bed and Breakfast business	Existing	There are only a few, but they rely on their rural settings to attract business.
Elroy-Sparta Bike Trail	Existing	Major tourist attraction in this area that promotes the agricultural landscape.
Amish farms and businesses	Existing	The Amish craftsmen draw tourists and business to Monroe County.

<b>E. Other AEA Activities</b>		
<i>Type of Activity</i>	<i>Timeframe</i>	<i>Provide additional details</i>
<i>Ex: Form a stakeholder group, attend statewide AEA meetings, develop strategic plan, set up website</i>	<i>Ex: Ongoing, Future</i>	<i>Ex: Working with UWEX, we will form an AEA stakeholder group to consider appropriate next step.</i>
AEA leaders	Future	Although zoning and land use controls are mostly absent in the proposed AEA, stakeholders are interested in setting up meetings to obtain the facts on farmland preservation zoning in order to make an informed decision on the pluses and minuses of it's implementation.

# Farmers petition for agricultural enterprise area

**CONTRIBUTED BY MARK HENTHORNE**

A group of area farmers has signed petition papers asking the Wisconsin DATCP to designate the towns of Wilton, Wellington, Glendale and Clifton as an agricultural enterprise area.

Agricultural enterprise areas, or AEAs, are block of land that are primarily in agriculture, either for farms or businesses that serve the farming sector, according to petition organizer Mark Henthorne, a town of Glendale farmer. They are created when local governments, along with at least five local landowners, petition the DATCP and the department approves the designation, he added.

The process of approving the designation is competitive: only 250,000 acres can be approved out of a 1-million acre cap,

as 750,000 acres have already been designated.

Other areas also are seeking designation.

According to Henthorne, the reason for the requested designation is to allow eligible landowners in the four townships to have the opportunity to enroll their land in Wisconsin Farmland Preservation Agreement Program.

The Farmland Preservation Program is a program that has been quite popular throughout the state in the past years, Henthorne said.

When landowners enroll, they agree to keep their land in agriculture for 15 years. In return, they receive a tax credit that is not based on income. Presently, only land that is located in an enterprise area is eligible to be enrolled or renewed in the pro-

gram, Henthorne said.

Landowners are under no obligations to enroll in anything or make any changes to their operations just because of an AEA designation, Henthorne added.

Information on AEAs or Farmland Preservation Agreements can be found online at <http://workinglands.wi.gov> or by contacting Al Hoff of the Monroe County Conservation Department at 269-8974.

Those who are seeking information on the petition or are interested in joining the petition may call Mark Henthorne at 487-7336.

**This is a copy of a news article submitted by petitioner Mark Henthorne to local newspapers. This also ran on WCOW, a Sparta radio station that covers ag issues. In addition, Mr. Henthorne went door-to-door and collected all but a few off the 99 petitioner signatures and all of the cooperator signatures. At each stop he spent time explaining the AEA.**

State of Wisconsin  
Town of Glendale  
Monroe County

The Town Board of the Town of Glendale, Monroe County, Wisconsin, by resolution 14-01, adopted by a majority of the town board on a roll call vote with a quorum present and voting and proper notice having been given, resolves and orders as follows.

WHEREAS, the Department of Agriculture, Trade and Consumer Protection is accepting petitions for the designation of Agricultural Enterprise Areas (AEA) throughout the State of Wisconsin and

WHEREAS, agriculture is an important component of the Town of Glendale economy, landscape and rural character, and

WHEREAS, The Town of Glendale has consistently supported the agricultural industry, and

WHEREAS, The Town of Glendale Comprehensive Plan adopted January 12, 2009 identifies the protection and preservation of agricultural land as a goal of the Plan, and

WHEREAS, the Town of Glendale believes that establishment of an Agricultural Enterprise Area (AEA) will further protect agricultural land and enhance the local agricultural economy, and

WHEREAS, The Town of Glendale has determined, based on petitioner support and meetings where Agricultural Enterprise Areas were discussed, that there is public support for the AEA, and

WHEREAS, agriculture is an important land use in the Town of Glendale, and worthy of preservation and support,

THEREFORE, BE IT RESOLVED that the Board hereby supports the establishment of the Agricultural Enterprise Area within the Town of Glendale.

**WHEREAS**, agriculture is an important component of the Township of Wilton economy, landscape, and rural character, and

**WHEREAS**, the Township of Wilton has consistently supported the agricultural industry, and

**WHEREAS**, the Township of Wilton Comprehensive Plan adopted 1/13/2004 identifies the protection and preservation of agricultural land as a goal of the Plan, and

**WHEREAS**, the Township of Wilton believes that establishment of an Agricultural Enterprise Area (AEA) will further protect agricultural land and enhance the local agricultural economy, and

**WHEREAS**, the Township of Wilton has determined, based on petitioner support and meetings where Agricultural Enterprise Areas were discussed, that there is public support for the AEA, and

**WHEREAS**, agriculture is an important land use in the Township of Wilton and worthy of preservation and support,

**THEREFORE, BE IT RESOLVED** that the Wilton Town Board hereby supports the establishment of an Ag Enterprise Area within the Township of Wilton.

Dated the 10<sup>th</sup> day of March, 2014.

TOWN of WILTON BOARD

James J. Brewer  
Jan Brandon  
Travis Woods

RESOLUTION NO. 03-14-01

RESOLUTION IN SUPPORT OF PETITION FOR DESIGNATION OF AN AG  
ENTERPRISE AREA IN SE MONROE COUNTY

WHEREAS, the Department of Agriculture, Trade and Consumer Protection is accepting petitions for the designation of Agricultural Enterprise Areas throughout the State of Wisconsin, and

WHEREAS, agriculture is an important component of the Monroe County economy, landscape, and rural character, and

WHEREAS, Monroe County has consistently supported the agricultural industry, and

WHEREAS, the Monroe County Comprehensive Plan adopted as amended on November 28, 2012 identifies the protection and preservation of agricultural land as a goal of the Plan, and

WHEREAS, Monroe County believes that establishment of an Agricultural Enterprise Area (AEA) will further protect agricultural land and enhance the local agricultural economy, and

WHEREAS, Monroe County has determined, based on petitioner support and meetings where Agricultural Enterprise Areas were discussed, that there is public support for the AEA, and

WHEREAS, agriculture is an important land use in Monroe County and worthy of preservation and support,

THEREFORE, BE IT RESOLVED that the Monroe County Board hereby supports the establishment of The Headwaters Ag Enterprise Area of Southeast Monroe County.

Dated the 26<sup>th</sup> day of March, 2014.

**PURPOSE:** To support the petition by landowners for an Ag Enterprise Area covering Clifton, Glendale, Wellington, and Wilton townships.

**Fiscal Note:** No fiscal impact
