**COMPETE CERTIFICATIONS AND VERIFICATION ON SECOND PAGE**

Personal information you provide may be used for purposes other than that for which it was originally collected (sec. 15.04 (1) (m), Wis. Stats.).

*This document was drafted by the Wisconsin Department of Agriculture, Trade and Consumer Protection*

**TECHNICAL CERTIFICATION**

Complete the following as needed to certify that each practice listed on this form has been installed according to technical standards. A separate signature is required on this form to certify the installation of non-engineered practices.

**FOR ENGINEERING PRACTICES**

The county submits one of the following forms of documentation certifying that the engineering practices or practice components listed on the reverse side have been installed according to applicable standards and specifications (check one and attach):

- A copy of the page/sheet (or applicable part of the page/sheet if a large size drawing) of the “as-built” plan showing the stamp of the professional engineer or other professional acting within the scope of the professional’s Wisconsin registration; **or**
- A copy of the construction plan coversheet only (WI-001) properly completed by persons with a conservation engineering certification rating sufficient to approve the design of the practice and certify that the practice was installed according to applicable standards.

**FOR WELL CONSTRUCTION AND DECOMMISSIONING ONLY**

- The county has a plan for decommissioning a well (check if applicable),
- The county has attached a copy of the appropriate DNR form completed by a well driller or pump installer registered under s. 280.15, Stats. for new well construction, or filling and sealing wells (required).

**FOR NUTRIENT MANAGEMENT PLANNING**

For all nutrient management plans directly funded with cost-share dollars or required as part of another cost-shared practice, the county submits a current checklist certifying that the nutrient management plan complies with NRCS technical guide nutrient management standard 590, and the checklist is signed by a qualified nutrient management planner as defined in s. ATCP 50.48. (check and attach):

- A copy of the nutrient management plan checklist (ATCP 50, Appendix C)

**FOR NON-ENGINEERING PRACTICES**

The person signing this section has personally reviewed the installation of the non-engineering practice(s) listed on the first page, and certifies that the practice(s) was installed according to plans, specifications, and standards. *Qualifying practices* are limited to stripcropping, contour farming, residue management, intensive grazing management, critical area stabilization, field windbreaks, livestock fencing, or riparian buffer.

**SIGNATURE OF PERSON CERTIFYING PRACTICE:**

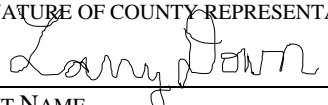

**PRINT NAME:**

**DATE:**

**COUNTY CERTIFICATION AND VERIFICATION**

By signing this form, the county through its authorized representative:

- a. Certifies that each of the practices listed on this form was installed on or before December 31st of the grant year.
- b. Certifies that it is in possession of statements, invoices, canceled checks with vendor contract, or written receipts with vendor contract for all supplies and services provided by contractors for this project. For landowner installation and maintenance services, it has invoices and cost-estimates.
- c. Verifies that it (1) has completed ARM-LWR-166, or has other written documentation, to approve changes affecting the terms or amount of the cost-share grant, (2) has obtained the landowner’s consent to these changes (in writing when required by ARM-LWR-166).
- d. Agrees to maintain documentation related to practice installation, proof of payments, and change orders as required by s. ATCP 50.34(7). All documents will be made available to DATCP upon request.

COST-SHARE CONTRACT NO.:  
SWRM-01-14

**SECTION 2**

**A. The landowner/grant recipient agrees:**

1. To install and maintain cost-shared practice(s) listed in Section 3, consistent with the plans and specifications referenced in Section 3, during periods identified in Section 3.
2. To make all payments for which the landowner/grant recipient (hereinafter referred to as "landowner") is obligated under this contract, as specified in Section 3. Landowners are responsible for all payments for state or local administrative permit fees.
3. To provide the county with evidence of payment, as applicable, for services, supplies, and practices performed or installed pursuant to this contract. Proof of payment may be in the form of a statement or invoice, or receipts or cancelled checks with the related vendor contract. For services provided by the landowner, the landowner shall submit a detailed invoice or cost-estimate for those services.
4. To maintain the cost-shared practice for at least 10 years from the date of installation, except for these "soft" practices: contour farming, cover and green manure crop, nutrient management, pest management, residue management, and strip-cropping. Soft practices must be maintained for each year cost-share funds are provided, as specified in Section 3. Extended maintenance periods apply if land is taken out of production for more than 10 years, as specified in Section 3.
5. To operate and maintain each cost-shared practice for the required maintenance period following the certification of installation or replace it with an equally effective practice. To refrain, during the maintenance period, from actions that may reduce a practice's effectiveness, or result in water quality problems. The landowner agrees to follow an operation and maintenance (O&M) plan or other maintenance requirements including those in ATCP 50.62, Wis. Admin. Code. All nutrient management plans must comply with s. ATCP 50.04(3), Wis. Admin. Code.
6. To repay cost-share funds immediately, upon demand by the county, if the landowner fails to operate and maintain the cost-shared practice according to the contract. Repayment of grant funds shall not be required if a practice(s) is rendered ineffective during the required maintenance period due to circumstances beyond the control of the landowner.
7. To the recording of this contract, including the legal description of the subject property, with the deed to the subject property, if cost-sharing exceeds \$14,000 unless this contract cost-shares only practices listed in s. ATCP 50.08 (5) (b). This contract shall be recorded before the county makes any cost-share payment to the landowner. Upon recording, this contract constitutes a covenant running with the land described in Section 1B, and is binding on subsequent owners, heirs, executors, administrators, successors, trustees, and assigns, and users of the land for the period set forth in Section 3.
8. To comply with (i) the performance standards, prohibitions, conservation practices and technical standards under s. 281.16, Stats., (ii) plans approved under ss. 92.14, 92.15 (1985 Stats.), 92.10 and 281.65, Stats., and (iii) the practices necessary to meet the requirements of this contract, and to continue such compliance after the term of this contract, without further cost-sharing, if the landowner has received cost-sharing for compliance at least equal to the cost-sharing required under s. ATCP 50.08, Wis. Admin. Code. There is no requirement for continuing compliance for land that is taken out of production unless cost-sharing is provided.
9. To acknowledge receipt, where applicable, of a notice provided by the county explaining continuing compliance requirements arising out of the installation of specific cost-shared practices. (Initial here \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_.)
10. Not to discriminate against contractors because of age, race, religion, color, handicap, gender, physical condition, developmental disability, or national origin, in the performance of responsibilities under this contract.
11. To make any changes to this contract, including changes in project components and costs, according to the procedures set forth in Section 2.C.3.
12. To the county's right to stop work, or withhold cost-share grant funds, if it is found that the landowner, grant recipient, or construction contractor in their employ has violated ch. 92, Wis. Stats., ch. ATCP 50, Wis. Admin. Code, or has breached this contract.

**B. The county agency agrees:**

1. To enter this cost-share contract only after the Land Conservation Committee has authorized the cost-sharing of this project.
2. To provide technical assistance for the design, construction, and installation of cost-shared practice(s) according to applicable standards in ch. ATCP 50, Wis. Admin. Code. The county agrees to provide written notice, when applicable, to inform each landowner and grant recipient of the full ramifications of a cost-share contract, including future compliance obligations. The county further agrees to ensure that cost-shared practices are maintained as required in II. A. 4 by securing O&M plans and performing site checks as needed.
3. To use the most cost-effective methods to address the water quality concerns of this project, and apply cost containment procedures, consistent with ch. ATCP 50, Wis. Admin. Code, when estimating and paying for cost-shared practice(s).
4. To provide cost-share funds to the landowner, in the amounts specified in Section 3 and any amendments, upon proof that (i) the landowner has made all payments for which the landowner is responsible under the contract, (ii) the practice(s) are designed and installed according to standards in ch. ATCP 50, Wis. Admin. Code and this contract, including compliance with applicable construction site erosion control standards, and (iii) nutrient management plans comply with s. ATCP 50.04(3) Wis. Admin. Code. The county may make payments to third parties as provided in s. ATCP 50.40(13), Wis. Admin. Code.
5. To collect and retain all contract-related documents regarding operation and maintenance, proof of certification of design and installation, change orders, receipts and payments, and other referenced materials for a minimum of three years after making the last cost-share payment to the landowner, or for the duration of the maintenance period of this contract, whichever is longer. Records may be retained longer to demonstrate that a landowner meets the cost-sharing exemption under s. ATCP 50.08(5), Wis. Admin Code. Payment records from the landowner and county must provide proof of payment in full for all cost-shared practices installed. Copies of records shall be made available to DATCP upon request.
6. To record this contract, including the legal description of the subject property, with the deed to the subject property, as required under Section 2.A.7. Contracts may be recorded if not required under Section 2.A.7.
7. To coordinate eligibility for DATCP cost-share funding, and to follow required reimbursement procedures to facilitate timely cost-share payment(s) to the landowner, including the submission of certification forms to DATCP documenting that cost-shared practice(s) have been properly installed in accordance with this contract and paid for.

**C. General conditions of the contract**

1. State cost-share reimbursement amounts in Section 3 are contingent on receiving DATCP funding. The county may cancel this contract, in whole or in part, due to non-availability of DATCP funds. A county is responsible for contract grant amounts when the county makes cost-share commitments beyond the amount of its DATCP annual allocation or the county fails to obtain DATCP approval required under 2.C.2.
2. Written approval from DATCP shall be obtained before this contract is executed or amended if the DATCP cost-share amount exceeds \$50,000, and such approval shall be attached to, and made part of, this contract.
3. This contract may be amended, by mutual written agreement of the parties, during the installation or maintenance periods, if the proposed changes will provide equal or greater control of water pollution. For any changes in practice components or costs, the county will determine eligibility and whether to approve such changes. Counties must use a "Cost-Share Contract Change Order" form (ARM-LR-166) for changes prior to or during the installation and maintenance periods. Except as otherwise provided in the "Change Order" form, any completed "Change Order" form must be attached to, and made part of, this contract. Changes to this contract that increase the DATCP cost-share amount over \$14,000 or \$50,000 are subject to requirements in Sections 2.A.7., regarding recording and 2.C.2., regarding DATCP approval, respectively.
4. This contract is void if, prior to installation, the county determines that due to a material change in circumstances the proposed practices will not provide cost-effective water quality benefits.

The practice is installed on land owned by a local governments b. Cost-sharing is provided for access roads (ATCP 50.65) , roof runoff system (ATCP 50.85), streambank or shoreline protection (ATCP 50.88), stream crossing (s. \*\* Enter the number of years the practice is cost-shared only if the contract provides for (a) more than one year of cost-sharing for soft practices (contour farming, cover and green manure crop, nutrient management, pest management, residue management, and strip-cropping), (b) land taken out of production for more than one year, or (c) CREP equivalent payments for riparian land taken out of production. For "soft practice" payments, the landowner receives the full contract amount after the practice is certified, and has a contractual obligation to maintain the practice for the number of years cost-shared. For "land out of production" payments under ATCP 50.08(3)(d), the landowner receives the sum of the landowner's annual cost for the period specified in the contract. A landowner's annual cost equals the number of affected acres multiplied by the per-acre weighted average soil rental rate in the county on the date of the cost-share contract. For CREP equivalent payments authorized under ATCP 50.08(4), the landowner receives an amount equal to the amount that would be offered under the CREP program if the affected lands were enrolled in that program. To receive a CREP- equivalent payment, a landowner must keep riparian land out of production for 15 years, or in perpetuity, and must agree to contract terms similar to those imposed by the CREP program. Insert "P" if the land is taken out of production in perpetuity. Cost-share practices must be operated and maintained in accordance with O&M plans and other requirements that may apply
