

Continuing Education Training for AST/UST Installers

The Bureau of Weights and Measures is offering continuing education training for Aboveground Tank System Installers and Underground Tank System Installers. Credentialed installers can earn 6 continuing education credits (CECs) for attending one of the training sessions listed below. Each training session is the same. Attendees must be present for the entire training to earn CECs. This training is open to individuals that do not hold the AST or UST Installer Certifications.

Pre-registration is required for this training:

- To register for either Zoom session, please send this completed registration form to Cristiane.Raschka@wisconsin.gov. The link for the Zoom training and presentation materials will be emailed to each attendee prior to this session. There is no fee to attend.

REGISTRATION

Date (select one):

Wednesday February 15, 2023, 9:00am – 4:00pm: Zoom.

Wednesday February 22, 2023, 9:00am – 4:00pm: Zoom.

Attendee Information:

Company:

First Name	Last Name	Email Address	UST Installer #	AST Installer #
