

## Crop Insurance Premium Rebates for Planting Cover Crops Program

Red Text Indicates Hints  
or Explanations

Per s. 92.14 (17), Wis. Stats., the Wisconsin Department of Agriculture Trade and Consumer Protection (DATCP) has partnered with the U.S. Department of Agriculture Risk Management Agency (USDA-RMA) to establish crop insurance rebates for planting cover crops. Interested participants may enroll acres planted in cover crops which will be planted to an insurable crop the following growing season. Eligible applicants will receive a \$5 per acre insurance rebate on the year's crop insurance invoice for acres enrolled and verified in the program on a first come first served basis until program funding is exhausted.

Submitting a completed application form to the Department is mandatory for participation in the Cover Crop Rebate program. Personal information you provide may be used for purposes other than that for which it was originally collected. Wis. Stat. § 15.04(1)(m). The department may conduct inspections to verify that recipients of a crop insurance premium rebate are in compliance with the provisions s. 94.14(17), Wis. Stats., and any rules promulgated under that subsection.

Funding will be provided through USDA-RMA as an insurance rebate through the normal crop insurance processes, taking into consideration the insured percentage share. For producers farming on shares, please submit **ONLY ONE** application per cover cropped acreage, even if multiple people and/or policies apply.

## Crop Insurance Premium Rebates for Planting Cover Crops Program

### Eligibility Information

The acres I sign-up through this program are currently receiving other state or federal cost-share funding or incentives for planting cover crops (Answering "yes" to this question will deem the application ineligible for this program. DATCP will verify with existing datasets to prevent duplication).\*

☐ Yes ☒ No

I understand that by enrolling in this program, I agree to meet all eligibility requirements as stated in the rules found at s. 92.14(17)(c), Wis. Stats.\*

Program Rules: [92.14\(17\)\(c\)](#).

☒ Yes ☐ No

I understand that by enrolling in this program, I agree to give the Department of Agriculture, Trade, and Consumer Protection permission to share my information as documented and provided herein to the USDA Risk Management Agency for administering any benefit I may be eligible for. (Answering "yes" allows DATCP to share your information with USDA to administer any potential benefit. Answering "no" prevents DATCP from sharing your information for any potential benefit receipt.)\*

SAMPLE

## Crop Insurance Premium Rebates for Planting Cover Crops Program

Use your FSA-578 form to enter each tract and field to be enrolled. First, enter each land tract's information, then enter each eligible field in that tract, one at a time. You can enroll multiple tracts and fields by adding new entries at the top of each section. The information in this table must be provided for each tract and field for which you are claiming a rebate.

Enter each land tract's information, one at a time. Add new tracts using the "+" button below.

(2) ▼

1

2

→ This indicates the number of tracts that have been entered. This example has two land tracts. We are currently in the second tract. If you click on "1" you will be taken to the information entered in 1. Hitting the "+" will add a new tract for entering that tracts information.

County\*

Dane

Farm Number (Max 5 characters)\*

12345

Tract Number (Max 6 characters)\*

789101

The following information may be found at the end of each farm/track listing on your FSA-578 form. If this information is not available on your FSA-578 or FSA maps, you can search via Town, City, Village on the [State Cartographer's Office webpage](#). Click on the [PLSS Locator app](#), scroll/zoom to a location or search an address using the magnifying glass in the upper left.
