8  Adjourn
LAND AND WATER CONSERVATION BOARD
ADVISORY COMMITTEE ON RESEARCH
MEETING MINUTES

September 6, 2022
Microsoft Teams Meeting

Assembly

The Advisory Committee on Research (Committee) to the Land and Water Conservation Board (LWCB or Board) met via videoconference on September 6, 2022. The meeting convened at 9:00 am.

* * * *

On September 13, 2022, Department legal counsel advised the Committee to issue public notice prior to future meetings in accordance with Wis. Stat. 19.84 and record future meetings in accordance with Wis. Stat. 19.88(3). Henceforth, future meetings of the Committee will comply with Wis. Stat. 19.84 and Wis. Stat. 19.88(3).

* * * *

Committee Members Present

Members: Ron Grasshoff, Bobbie Webster, Monte Osterman, Brian Weigel, John Exo and Dr. Francisco Arriaga. A quorum was present.

Deliberations

The Committee deliberated on matters pertaining to the implementation of the LWCB’s process to advise the UW-System on needed research and educational programs relating to soil and water conservation. The Committee plans to initiate an outreach campaign that includes a letter and questionnaire to potential stakeholders in order to gather outside input on the current needs within the field of soil and water conservation research and education. The Committee requested that DATCP legal counsel advise the Committee on whether its gatherings require public notice and are subject to public records laws. The Committee plans to next meet in November 2022 and discuss the progress of the stakeholder outreach campaign.

Adjourn

The Committee adjourned at 10:00 am.

Respectfully submitted by,

Zach Zopp, Bureau of Land and Water Resources
Division of Agricultural Resource Management
WI Department of Agriculture, Trade and Consumer Protection
RE: Research and outreach needs associated with agricultural soil & water resources

Dear __________,

**Wisconsin’s Land & Water Conservation Board** seeks your specific expertise and input regarding research and outreach needs related to agricultural soil & water resources. The Board has a duty to gather this information from its partners and stakeholders to further soil & water conservation in Wisconsin. To facilitate this duty, the Board created and charged the **Advisory Committee on Research** to conduct the necessary outreach. Ultimately, stakeholder feedback will be delivered to the University of Wisconsin as recommendations to achieve soil & water conservation research needs.

The purposes of this effort are to:

- Identify important research needs related to soil & water resource issues in Wisconsin
- Convey those identified needs to UW researchers seeking project funding
- Assist in identifying research gaps

To facilitate your input, we have created a Microsoft Form to collect suggestions. Please access the form [here](#) and add your thoughts by [insert date].

You can also access the response form using this QR code: [PLACE HOLDER FOR QR CODE]

**Due date for responses:**

On behalf of the Wisconsin Land & Water Conservation Board, we sincerely appreciate your contribution to this effort and look forward to sharing a summary of our findings.
