TO: Wisconsin Liming Materials Producers and Distributors

FROM: Division of Agricultural Resource Management

SUBJECT: Annual License to Sell or Distribute Liming Materials and Confidential Tonnage Report

Enclosed:

- License Application for Sale or Distribution of Liming Materials **DUE: December 31st**
- Confidential Tonnage Report on Liming Materials **DUE: February 1st**

License: Your lime license expires on December 31st. You must renew your license if you plan to manufacture or distribute liming materials in Wisconsin. List all index zones and the quarries you expect to be active that will be covered by the license. Mail the completed license application form with the required fee of \$10.00 before **December 31st**. Continued operation without a license is a violation of Wisconsin Law, and subjects you to enforcement action.

Discontinue License: If you are not renewing your, write “No longer in operation” on the license form and return it to the Department. You are still required to mail the tonnage report with the required fees by **February 1st**.

Name Changes: If your company has undergone a change that creates a new legal identity, a NEW license application is required, and you will receive a new license number. If your company has changed its name for any other reason, the department requires you to complete a NEW license application form so that we may maintain accurate records on the status of your business. A blank license form is on our web site or call (608) 224-4537.

Application to Sell Liming Materials by Volume: Complete this application if you distribute liming materials by volume rather than weight, when weighing facilities are not readily available. Submit the form with the license application. You will be notified by mail if your application to sell liming materials by volume is approved. Do not use this form if you sell liming materials by weight.

Tonnage: This form is for reporting the annual tonnage for all liming materials distributed in Wisconsin during January 1 through December 31. The liming materials tonnage fee is one and one quarter cent (\$0.0125) per ton for liming materials distributed in the state. The minimum tonnage fee is \$1.00 for any sales up to 80 tons. **The confidential liming materials tonnage report and fees are due February 1st.**

If more than one distributor or seller is involved in the chain of distribution, the person who first sells or distributes liming materials for further sale is responsible for the payment of tonnage fees on the materials. If another licensee is paying the tonnage fee, please list the companies in Section B “Tonnage Credit.” Include the licensee’s name and address. ***If no sales were made, you must still sign and return the report showing zero tons.***

Failure to file a correctly completed tonnage report may result in license suspension or other enforcement action.

Mail license application and tonnage reporting forms and applicable fees to the following address:

Personal information you provide may be used for purposes other than that for which it was originally collected (Sec. 15.04(1)(m) Wis. Stats.).

94.66(6)(a) Every person engaged in the business of selling or distributing liming material shall furnish each purchaser on final delivery of a lot or order of liming material a written statement showing total amount delivered in tons and the grade thereof as defined in par. (b). A written statement setting forth the grade of the liming material being transported shall accompany each vehicle when making delivery. All liming material shall be distributed on a scale weight basis, except that where no weighing facilities are readily available and on prior approval of the department, liming materials may be distributed by volume if each vehicle transporting liming materials is accurately and conspicuously marked to show cubic yard capacity from which the seller must guarantee a ton weight equivalent based on rules established by the department. This paragraph does not apply to marl or paper mill refuse lime as these materials are distributed on an equivalent cubic yard basis as prescribed by department rule.

ATCP 41.05 Sale by ton weight equivalent. (a) Each person distributing liming material by volume on a ton weight equivalent basis shall be responsible for the correct cubic yard capacity marking of all vehicles used to distribute liming material.

(2) Persons desiring authority to distribute liming material by volume rather than weight, where weighing facilities are not readily available, shall submit requests for approval in writing to the department with the following information:

- (a) Name and address of applicant,
 - (b) Number of vehicles to be employed in hauling liming materials,
 - (c) Ownership of vehicles,
 - (d) Cubic yard capacity of each vehicle,
 - (e) Location of loading sites and location of scales closest to such loading sites, and
 - (f) Business locations from which the vendor wishes to sell by ton weight equivalent.
- (3) Unless otherwise specified in the notice of approval, all approvals for sale by volume shall expire on December 31 of each year. In the event of any change in vehicle usage or other data specified under subsection (2) during the period for which approval was granted, the department shall be notified of such fact and a supplemental request for approval shall be submitted within 15 days after such change. All temporary replacement vehicles used shall be marked to show cubic yard capacity as required by sec. 94.66, Wis. Stats.
- (4) The ton weight equivalent per cubic yard of each different liming material shall be determined by weighing one or more loads of known cubic volume of such material. The total weight is then divided by the cubic yards weighed to arrive at the ton weight equivalent per cubic yard.

LIMING MATERIALS SOLD IN WISCONSIN DURING 2022

A research fee of one and one-quarter cents per ton (\$0.0125) on all liming materials (or the equivalent amount of marl and paper mill refuse lime) sold within the state shall be paid to the Wisconsin Department of Agriculture, Trade and Consumer Protection annually for the preceding calendar year. If more than one distributor or seller is involved in the chain of distribution, the person who first sells or distributes liming material for further sale is responsible for the payment of research fees on that material. The minimum fee is \$1. However, if NO SALES were made, the \$1 fee is not required.

If another licensee has paid the research fee, you are entitled to a credit for that tonnage by completing the Credit Section found in Section B.

Please complete this report, sign it, pay the appropriate fees and mail to address shown on the back of the form.

SECTION A: TONNAGE OF LIMING MATERIALS SOLD DURING 2022 BY INDEX ZONES

(1 OUNCE TO 2,000 POUNDS = 1 TON)

Index Zone	Pell Lime	Tons	Index Zone	Pell Lime	Tons
Marl	No		60-69	No	
Paper Mill	No		60-69	Yes	
Recycled Byproducts	No		70-79	No	
Barn Lime	No		70-79	Yes	
Less than 40	No		80-89	No	
Less than 40	Yes		80-89	Yes	
40-49	No		90-99	No	
40-49	Yes		90-99	Yes	
50-59	No		100 or more	No	
50-59	Yes		100 or more	Yes	
A. Total tons sold (transfer to line 1 on reverse side)					

SECTION B: TONNAGE CREDIT (another licensee paid fee)

If another licensee has paid the research fee you are entitled to a credit for that tonnage. Complete the schedule below.

Index Zone	Pell Lime (Yes or No)	Tons	License Number (Required)	Licensee's Name and Address
B. TOTAL CREDIT (transfer to line 2 below)				

SECTION C: TONNAGE FEES OWED (Calculation)

1. Total tonnage from Section A on Page 1 (over) (1 ounce to 2,000 pounds = 1 ton)	1.
2. Tonnage credit from Section B on Page 2 (above)	2.
3. Net Tonnage (Subtract line 2 from line 1)	3.
4. Amount Due \$0.0125 times line 3, net tonnage Minimum \$1.00 is due for 1 pound to 80 tons If line 1 is zero then no fee is due.	Pay This Amount \$

Return this form by February 1st

I hereby certify that this is a true and accurate report of all liming materials sold or distributed in the State of Wisconsin.
