Oct. 2015 Edition

Dear Wisconsin Children's Safety Advocates:

In September 2015, the U.S. Consumer Product Safety Commission issued a total of **13 recalls relating to products affecting children**. Attached is a summary of the releases identifying the product, the problem, and what should be done with the recalled product.

We have found that not all of the recalls are picked up by the news media as they occur. This monthly summary will give you the opportunity to review all of the children's product safety recalls for the past month. If you are interested in a complete text of the recall, double click on the hyperlink at the end of the recall description. This will direct you to the recall notice located on the CPSC website.

KEEP YOUR KIDS SAFE

Release Number: (#15-229) Imagine Nation Books, of Louisville, C.O., is announcing the voluntary recall of about 630 Imagine Nation Books pink Giraffe Animal Purse with brown spots. The purse measures about 16 inches high by 14 inches long. The purse looks like a pink stuffed animal giraffe with brown spots and brown feet and a red zipper down the center of the back. There is a sewn-in tag inside the zipper pouch that reads "MADE IN CHINA." A hang-tag attached to the purse has "JEWELRY is fun, LEAD COMPLIANT" on the front and "WARNING: Not for Children under 3 years old", "www.jewelryisfun.com" and item number "CHJF10032AST" on the back. No other color combinations are included in this recall

Problem: The red paint on the zipper contains excessive levels of lead, violating the federal lead paint standard.

What to do: Consumers should immediately take these recalled purses away from young children and contact Imagine Nation Books for instructions on returning the purse for a full refund. You can contact Imagine Nation Books at 800- 917-0213 from 8 a.m. to 5 p.m. MT Monday through Friday, by email at productinfo@booksarefun.com or online at www.booksarefun.com and click on the Recall tab for more information.

Release Number: (#15-230) Sleeping Partners International Inc., of Brooklyn, N.Y., announces the recall of about 5,500 baskets and 800 stands involving the Tadpoles Baby and Kids brand Moses baskets and stands. The Moses basket is made from natural tan wild palm leaves and

measures about 33 inches long by 14 inches tall and 10 inches wide. The stand has a pine wood frame, a fabric platform and polyester rope design. The stand measures 17 inches tall by 14 inches wide and 15 inches wide when extended. "Tadpoles" is printed on the clear plastic wrapping on the Moses baskets and stands.

Problem: The Moses basket fails to meet the federal hand held infant carrier standard and the stand fails to meet the bassinet/cradle standard. The basket can slide off an inclined surface and the stand can tip, posing a fall hazard for infants.

What to do: Consumers should immediately stop using the Moses baskets as a hand held infant carrier. Consumers who purchased both items should immediately stop using the recalled stand and contact the firm for instructions on returning the basket and stand to receive a store credit. You can contact Sleeping Partners toll-free at (844) 489-9498 from 9 a.m. to 5 p.m. ET Monday through Friday or online at www.sleepingpartners.com and click on USA then Support to access the Moses Basket Recall information.

Release Number: (#15-231) Cycling Sports Group Inc., of Wilton, C.T., announces the voluntary recalls about 23,000 (in addition, about 800 were sold in Canada) all model year 2011 through 2015 Flash, FSi , F-4, F-5, F-29, Lexi, RZ, Scalpel and Trigger Cannondale mountain bicycles, with OPI stem/steering tube assemblies "OPI" is printed diagonally across the stem/steering tube in black letters.

Problem: The OPI stem/steering tube assemblies can fail, posing a risk of injury from a fall.

What to do: Consumers should immediately stop using the recalled bicycle and take it to the

nearest authorized Cannondale dealer for a free repair. Cannondale dealers will fit a locking reinforcement wedge assembly inside the OPI stem/steering tube and replace the clamp bolts. You can contact Cycling Sports Group at 800-BIKE-USA (800-245-3872) from 9 a.m. to 6 p.m. ET Monday through Friday, by email at custserve@cyclingsportsgroup.com or online at www.cannondale.com and click on "Recalls" under the Recalls & Safety link at the bottom of the page.

Release Number: (#15-233) The James Trading Group, Orangeburg, N.Y., announces the voluntary recall of about 1,200 James Trading Group's Croker Kids Ireland Sports Hoodie with model number IR6012 printed on a hang tag attached to the hoodie. The kids' hoodie has green fabric on the upper chest and arms with a white diagonal stripe across the torso and a blue panel on the bottom half of the hoodie. "Ireland" is printed in white letters across the chest and there are three Shamrock logos embroidered onto a patch on the bottom left side of the hoodie. The hoodie is 75% cotton and 25% polyester and was sold in kids sizes "2YR" through "12YR" printed on the hang tag and on the tag sewn into the neck of the garment. "Croker" is printed on the inside neck label on the garment.

Problem: The sweatshirts have a drawstring around the neck area which poses a strangulation hazard to children. Drawstrings can become entangled or caught on playground slides, hand rails, school bus doors or other moving objects, posing a significant strangulation and/or entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal

regulation. CPSC's actions demonstrate a commitment to help prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.

What to do: Consumers should immediately take these recalled hoodies away from children. Consumers can remove the drawstring from the hoodie to eliminate the hazard or return it to the place where purchased for a full refund. You can contact The James Trading Group at 800-541-5004 from 9 a.m. to 4:30 p.m. ET Monday through Friday or online at www.thejtg.com and click on the Recall tab on the top menu bar for more information.

Release Number: (#15-235) IKEA North America Services LLC, of Conshohocken, P.A., is announcing the voluntary recall of about about 38,400 IKEA VYSSA SPELEVINK crib mattresses. The recalled mattresses are 52 inches long and 27 1/2 inches wide. The crib mattresses are white with a blue piping around the edge and have an identification label attached to the mattress cover has the date of manufacture in Month-DD-YY format or YY-W format and the VYSSA SPELEVINK model name. Mattresses made after July 2007 also have a federal tag at the foot of the mattress.

Problem: The crib mattresses fail to meet the federal open flame standard for mattresses, posing a fire hazard.

What to do: Consumers should immediately stop using the recalled crib mattresses and return them to any IKEA store for a full refund. Mattresses that were given in an exchange to consumers for their VYSSA SPELEVINK mattresses in the two previous recalls are included in this recall program.

Release Number: (#15-239) Cabrinha Kites, a subsidiary of Pryde Group Americas, of Miami, F.L., is announcing the voluntary recall of about 750 TrimLite Cleat™ trim control systems for Cabrinha kiteboards, including the Overdrive 1X with TrimLite, the standard 1X with TrimLite and the Chaos 1X with TrimLite models. A trim line connects the kite to the handle held by the user, allowing the user to control the kite. Only trim lines with white tape below the loop connecting the trim line to the cleat are part of this recall. The control systems are comprised of a light-weight control bar to control and depower the kite, a set of flying lines and a harness loop/quick release (QR) mechanism. The Overdrive 1X with TrimLite, model number KS6CSODQC, was sold in two sizes 48 cm and 56 cm. The standard 1X with TrimLite control system, model number KS6CSFXQL, and was sold in three sizes 42 cm, 52 cm and 60 cm. The Chaos 1X control system, model number KS6CSCHFX, measures 44 cm. The model numbers are located on a cloth tab attached to the bungee line restrainers at the end of the bars.

Problem: The point of connection between the kiteboard's trim line and depower mainline can break, and cause a loss of control, posing a risk of injury.

What to do: Consumers should immediately stop using the recalled kiteboard control systems and return them to the place of purchase to have a free replacement part installed.

Release Number: (#15-241) Juratoys U.S. of Fort Lauderdale, F.L., is announcing the voluntary recall of about 14,200 Juratoys fishing game, Sardines and Starfish. The fishing game user picks up a toy fish using a play fishing rod with a magnetic worm. The Sardine fishing game has a red and white sardine with a yellow eye painted on a sardine-shaped tin and has product number J08152 printed on the bottom of the container at the tail, and on the back of one of the fish pieces. The Starfish fishing game has an orange starfish painted on a starfish-shaped tin with a product number J08153 printed on the bottom of the container and on the back of one of the fish pieces. Each set comes with two wooden fishing rods and several wooden fish with a magnetic button in the middle. The lid of each tin package contains the word "Janod®." **Problem:** The plastic worm at the end of the fishing pole line can separate, producing small parts that pose a choking hazard to children. Additionally, the small magnet inside the worm can liberate. Swallowing multiple magnets can result in serious internal injury.

What to do: Consumers should immediately stop using the recalled games and keep them out of the reach of young children. Consumers should contact Juratoys for a prepaid shipping envelope to return the game. Juratoys will then send a \$15 refund check for the Sardines game and a \$20 refund check for the Starfish game. Consumers who paid more should include a receipt in the return to receive a full refund.

Release Number: (#15-246) The Land of Nod of Nepal is announcing the voluntary recall of about 400 Follow the Herd mobiles. The recalled mobile is made of white wool felt and has five sheep figures made of white wool yarn. The sheep have black felt eyes and brown felt ears. The mobile is about 24 inches tall, 10 inches wide and 10 inches deep. SKU number 198234 is on a label attached to the body of the mobile.

Problem: The yarn from the sheep figures can unravel, posing an entanglement and strangulation hazard to young children.

What to do: Consumers should immediately put the recalled mobiles out of the reach of children and contact The Land of Nod for a full refund. You can contact The Land of Nod at 800-933-9904 from 8:30 a. m. to 5 p.m. CT Monday through Friday or online at www.landofnod.com and click on Product Recalls at the bottom of the page for more information.

Release Number: (#15-247) Zak Designs Inc., of Airway Heights, W.A., is announcing the voluntary recall of 178,000 Zak Designs 26-ounce plastic water bottles. The 10 inch tall water bottles have a flip-top spout on a twist-off cap with colored inner plastic straws in clear, blue, gray, green, light purple or red. The water bottles were sold exclusively at Target stores in a “Back-to-College” promotion. The water bottles have popular characters on the front and come in a variety of colors including clear, gray, navy blue, pink, teal blue, gray with colored caps in red, blue pink and yellow. Characters include Captain America, a Batman design, Minions, My Little Pony, Spiderman, Star Wars aircraft, a Superman logo, Teenage Mutant Ninja Turtles, Thor and Wonder Woman. Mold number “14158” and “Zak Designs®” are embossed on the bottom of the bottles in the recall. Bottles

with a black inner straw and black twist-off cap are not included in the recall.

Problem: The inner plastic straw in the flip-top portion of the twist-off cap can break, posing a choking hazard.

What to do: Consumers should immediately stop using the recalled water bottles and contact Zak Designs for instructions on receiving a free replacement cap with straw. You can contact Zak Designs toll-free at 866-737-1148 from 8 a.m. to 5 p.m. ET Monday through Friday or online at www.zak.com and click on Product Recall at the bottom of the page for more information.

Release Number: (#15-250) Nylacarb Corporation, of Vero Beach, F.L., is announcing the voluntary recall of about 121,000 pairs of yellow plastic trapeze rings. They are triangular in shape with rounded sides and have a loop at the top. They measure about 8½ inches high by 6½ inches wide. The yellow rings come as a pair and were connected to a trapeze bar. They were sold either as a separate component or as an attachment on the following Rainbow®-branded residential wooden playsets: All-American, Backyard Circus, Carnival, Fiesta, King Kong, Monster, Sunray, Sunshine and Rainbow. All of these playsets have an aluminum plate located on the front of the wooden swing beam with the following name stamped on it, “Playgrounds America,” “Rainbow Play Systems Inc.,” or “Sunray Premium Playgrounds.”

Problem: The rings can unexpectedly crack or break during use, posing a fall hazard to children.

What to do: Consumers should immediately stop children from using the recalled rings, contact Rainbow for ring removal instructions, then remove the rings from the playset and receive a \$10 gift card. You can contact Rainbow Play Systems toll-free at 888-201-1570 from 8 a.m. to 5 p.m. CT Monday through Friday or online at www.rainbowplay.com and click on the Recall tab located on the top menu bar for more information.

Release Number: (#15-251) Wishbone Design Studio Limited of Yardville, N.J., is announcing the voluntary recall of about 400 Wishbone Recycled (RE) Bikes that are made from recycled black plastic materials with 12-inch, air-filled white rubber tires. The adjustable seat height ranges from 9 to 20 inches. The bikes weigh about 10 pounds. The two recalled bikes include one 3-in-1 model, which is adjustable as a 3-wheeler or 2-wheeler with a high seat or low seat; and one 2-wheeler model, which is adjustable with a high or low seat. The date codes for production appear in a round dial on the front frame of the bikes under the seat. Date codes are either December 2013 or May 2014. The year appears in the center of the dial and the arrow points to the month. There is also a Wishbone logo embossed on each bike fork.

Problem: The handlebar can pinch fingers placed at the center where the handlebar connects to the bike frame.

What to do: Consumers should immediately stop using the bike, take it away from children and contact Wishbone or the store where the bike was purchased for a free neoprene cover for the handlebar. You can contact Wishbone Design Studio toll-free at 888-748-7453 from 8 a.m. to 5 p.m. ET Monday through Friday or online at www.wishbonedesign.com and click on Product Care and then Safety & Recalls at the bottom of the page for more information.

Release Number: (#15-253) Several bicycle manufacturers are announcing the voluntary recall of about 1.3 million bicycles equipped with front disc brakes and a black or silver quick-release (QR) lever on the front wheel hub. Bicycles that do not have disc brakes are not included in this recall. When the front QR is fully opened, if there is less than 6 mm -- or the width of a #2 pencil -- between the QR and disk brake rotor on the wheel, the bicycle is included in this recall. A video showing how to determine if a bike is included in this recall is available at www.quickreleaserecall.com.

Problem: An open quick release lever on the bicycle's front wheel hub can come into contact with the front disc brake rotor causing the front wheel to come to a sudden stop or separate from the bicycle, posing a risk of injury to the rider.

What to do: Consumers should stop using the bicycles immediately and contact the recalling company for free installation of a new quick release on the front wheel. Consumers should contact the recalling companies through their websites and call centers. To view the Bicycle Product Suppliers Association Quick Release Recall, visit www.quickreleaserecall.com.

Release Number: (#15-255) Chewbeads, of New York, N.Y., is announcing the voluntary recall of about 45,000 Chewbeads Baby pacifier clip holders. The "Where's the Pacifier?" pacifier clips styles include shapes of a Butterfly, Dinosaur, Heart, Sheriff Badge and a white baseball with red stitching and a major league baseball team logo. "Chewbeads baby" is imprinted in raised letters on the rubber shape attachment. The pacifier clips have eight multi-colored beads threaded through a narrow satin ribbon that attaches to a pacifier on one end and a plastic D-ring on the other. The clip and beads

are about six inches long. The garment clip has the following number code on the back of the plastic clip: 3/31/14, 08/08/14, 12/01/14, 14/30/09, 15/02/09, 25/04/14.

Problem: The “D” ring on the pacifier clip can break, allowing beads to detach, posing a choking hazard.

What to do: Consumers should immediately take these recalled pacifier clips away from young children and contact Chewbeads for a free replacement pacifier clip or a refund of the purchase price. You can contact Chewbeads Inc. toll-free at 888-786-7790 from 9 a.m. to 5 p.m. ET Monday through Friday, email at service@chewbeads.com or online at www.chewbeads.com and click on the Product Recall link at the bottom of the page for more information.
