### What is required to complete this application for each mixed fertilizer containing less than a total of 24% N + P + K:

- A complete and legible copy of your product label in its final form that complies with all applicable provisions of Wisconsin's Fertilizer laws and rules (Section 94.64, Wis. Stats., and Chapter ATCP 40, Wis. Adm. Code). **Permits are issued in the order in which the complete, legible and compliant labels are received, not the application form.**
- Proposed labeling, including any advertising or promotional materials that make content or performance claims not included on the product label. The text of any non-print communication media making such claims must be printed and submitted with this application.
- The **nonrefundable \$25 permit fee for each product**, paid by check or money order in United States dollars to the Department of Agriculture, Trade and Consumer Protection.
- A valid and current Wisconsin Fertilizer License, or enclosure of a Wisconsin Fertilizer License application and the appropriate license fee.
- This completed application (**one for each mixed fertilizer containing less than a total of 24% N + P + K**), including the certification below signed by an authorized representative of the applicant.
- Possession of scientific evidence that supports all product performance statements or claims, including statements in testimonials. (Submission of this information is not requested as part of this application, but may be required at any future point by the Department).

### Applicant hereby certifies the following:

- When applied for its labeled purposes and according to its label directions, this fertilizer provides available nutrients in amounts that are efficacious and useful under Wisconsin conditions. Except as otherwise specifically disclosed on the product label, use according to label directions provides annual nutrient amounts that equal or exceed annual plant nutrient needs.
- The statements on this fertilizer label, and in related advertising and promotional materials, are truthful. The applicant has relevant and reliable information to substantiate all product labeling, including any claim or guarantee related to product contents. The applicant has relevant scientific evidence to substantiate all express and implied performance claims.
- This fertilizer product and its labeling comply with ch. ATCP 40, Wis. Adm. Code.
