July 10, 2019

To: DATCP Board

On behalf of the Shawano County Land Conservation Department, welcome and hope that you are enjoying your time here. Please accept our county highway map as an invitation to take a scenic route home and better yet come back for further exploration.

In case you have not yet received it, please accept this copy of a letter from Executive Director, Matt Krueger, on behalf of WI Land+Water Conservation Association, dated July 5, 2019 to DATCP Board Members requesting to approve sending the draft ATCP 51 Livestock Facility Rule to public hearing.

Shawano County adopted Livestock Siting in Oct. 2006. We have first-hand experience of the challenges of implementing a rule that is in need of updates in many areas. This leads more often than not to consulting DATCP staff and the county's corporation counsel on navigating scenarios that have limited or no guidance in the rule.

Shawano County LCD appreciates the work to date of the Technical Expert Committee, DATCP staff and others to get us to this point and encourages the Board to approve sending the draft rule to public hearing.

Thank you,

Scott Frank
